CRAFTED

BAFFLE SCONCE

Description

Engineered with the historical utility of heat flow, the Baffle sconce echoes the protective shielding found in early mining equipment to produce a controlled, refined illumination. Constructed from heavy-gauge steel, a solid architectural bracket anchors an elongated, continuous perforated screen, acting as a structural veil that encases and diffuses the central lamp. A rich, patinated finish reveals the raw steel beneath, elevating its rugged industrial heritage into a sophisticated architectural statement.

Finish Options

Aged Steel

Dimensions (approx.)

Overall Height: 17.75"

Overall Width: 4.875"

Overall Depth: 4.5"

Lamp

60W E26 (Med. Base)

Incandescent Max. (Per Socket)

11" T10 E26 Bulb

**Recommended Bulb; Not Included*
